

## Tricool Thermal Announce Place at Fakuma Exhibition Germany

We as Tricool Thermal are pleased to announce our place at the leading German plastics technology trade fair: **FAKUMA between 18th and 22nd October at the Friedrichshafen Exhibition Centre, in Southern Germany.**

Tricool Thermal's solutions are pushing the boundaries of energy efficiency, flexibility, uptime and process productivity improvements - all contributing to enhanced ongoing operation and cost control for our customers.

### Why visit?

We have 30 years experience in process heating, in which we have worked with a variety of distributors across Europe and the rest of the world selling our market leading range of process heaters and thermoregulators.

Visit us at the show and speak to our experienced technical sales team to discover how Tricool Thermal can support your business. Tricool are experiencing great success across Europe and welcome the opportunity to speak to any potential new distributors at the show.

### What's to see?

Located in hall A7, booth A7-7007, we will be showcasing our new range of process heaters and thermoregulators which were launched earlier this year. This range of units are capable of serving various industry applications including; plastics extrusion, die casting and injection moulding together with food production, chemical and pharmaceutical industries.

With units ranging from 6kW-96kW, oil heaters offering temperatures of up to 350°C and water heaters capable of achieving 160°C, we can provide a temperature control solution for any heating requirement.

Tricools Mould Temp Range

### Don't miss out

Secure your place at Fakuma by simply registering at [www.fakuma-messe.de/en/fakuma](http://www.fakuma-messe.de/en/fakuma). If you are unable to attend the show and would like to speak to us about your temperature needs, call us free on (UK) 0800 977 5709 (EU) +44 238 052 7300 or email [info@icstemp.com](mailto:info@icstemp.com)
